THURSDAY MORNING, JUNE 19, 1873.

THE LARGEST CIRCULATION Of Any Baily Published in East Tennessee.

THE Postoffice department seems likely to soon increase its supply of postal cards to meet the demand. The Washington Chronicle of the 16th says:

The Postoffice department shipped 706,-000 postal cards Saturday. Arrangements are perfected so that the department ex-pects to be able to furnish a million cards a day, which it is thought will fully sup-ply the demand. The delay thus far has been caused by the demand being so much larger than was anticipated.

ONE of the chivalry of Memphis wants to let out a little of the blood of a Kentuckian who recognizes the Code. They lately met on the street in Memphis and were introduced. The Kentuckian on hearing the name of the Memphis man took him for an old opponent and went for him in the "heathen Chinee" style.

A correspondence has been kept up since.

A fight now seems probable judging from the following special to the Banner, dated

Memphis, 16th. It says:
"Nothing definite has up to this time transpired relative to the Cole-Wintersmith mooted duel. It is known, however that a prominent gentleman of this city left on an early train to-day for the State line, where he will meet the Wintersmith party and endeavor, if possible, to arrange the misunderstanding amicably. Up to the linisting standing amicably. Op to the time of his departure the correspon-dence telegraphed and otherwise has failed to accomplish that object. Guthrie is the suggested point of meeting."

THE EAST TENNESSEE UNIVERSITY.

The Trustees, [President, Faculty and friends of East Tennessee University should all feel encouraged at the creditable close of the Commencement Exercises made yesterday. The University deserves the cordial support of this community and of the people of Tennessee. Its free tuition to so large a proportion of its students, makes its connection with the masses of the people an intimate and responsible one, and opens to it a wide field of usefulness. We know that its honored and able President, and the industrious, zealous Faculty, appreciate their responsibilities, and strive to meet them to the full expectation of their friends. Without any disparagement of other institutions, we feel that it should be the aim of our people to make this University a grand central one, whose influence should go out over the whole South. The opportunity DRUGGISTS is open to its Trustees and officers. The interest manifested by our people in this Commencement is encouraging, and we trust it is but the first indication of a wide spread and general purpose to give it the hearty support it so richly deserves.

We are glad to know its prospects for the next collegiate year are so encour-

ABOUT THE CHOLERA AT GREENEVILLE. Names of the Dead-Father, Mother and Child in One Grave.

GREENEVILLE, June 18, 1873. EDITORS CHRONICLE: In Greeneville we have but little to talk or think about save the cholera. Some still persist in saying that it is not the cholera which we have in our midst, but it makes but little difference to us by what name the disease is called, business of all kind, except that of the druggists, is virtually suspended. They are busily engaged from morning until night in filling proscriptions and selling the different remedies recommended for the cholera-not only for those afflicted, but to those who fear that they may take the disease. There are now but few families in our town who are not now supplied with one or more of the prescribed remedies. On yesterday by a pretty careful enquiry the writer could only learn of about five persons from the country being in town excepting those who live in the immediate vicinity. As a consequence, our merchants, clerks, attorneys, etc., were sitting idly on the street corners, but not in too solemn a mood to pass a few jokes. In fact every day appears like a Sunday to us.

The philosophical way in which our people treated the subject, when the disease first made its appearance, has, to a considerable extent, given way, and on yesterday probably from fifty to seventy-five of our citizens left the town, intending to spend their time somewhere else until the chol-era disappears. Many more will go to-day, but there are many who could go who are determined to remain, thinking they would be in about as much danger anywhere else as here.

The number of deaths up to this date is eight. Their names are A. M. Piper, Mrs. Mitchell, wife of deputy marshal William Mitchell, Mrs. Arrowood, Mr. Geo. Ruble, wife and child, Alfred Rhea, (colored,) and Mitchell, Mrs. Arrowood, Mr. Geo. Ruble, wife and child, Alfred Rhea, (colored,) and A. Royal. Mrs. Mitchell was sick only seven hours. Mr. Royal was at work until near 5 o'clock in the evening, when he was carried to his room and died about half past ten that night, Five deaths occurred on last Monday, and among them Mr. Ruble, wife and child, all of whom were buried together on yesterday. On yesterday there were no deaths, and no new cases of the disease of a serious character, and now there are no cases considered dangerous. A great number of our citizens have had attacks of the disease in a mild form and by using round dies in time here. ber of our citizens have had attacks of the disease in a mild form and by using remedies in time have been cured without any trouble. In fact, the disease yields readily to remedies, and in probably every case, which has proved fatal a cause can be found in the patient not taking remedies in time, imprudent exposure or undue excitement. The opinion now prevails that we have seen the worst and that the disease will abate. A few bright days like yesterday, are earnestly desired.

We cannot give any reason why we should, of all the to was in East Tennessee, have the cholera alone in Greeneville. It is probable, that we alone have the name, while other towns have the same disease

while other towns have the same disease but without the fatal results which have followed it here: Greeneville having never been visited by an epidemic of the kind before, was, it is true, not prepared for the advent of the disease, nor was it deemed

CANCERS

Permanently cured by addressing Dr. W. C. COUDEN. No. 27 W. Jefferson St., Louisville, Ky. Copies of his "Journal" can be obtained free of charge, giving mode of treatment and a large list of cases cured. Inclose stamp.

necessary to make preparations up in this mountain country. Added to filthy cellars and back yards a heavy rain, a few weeks ago, no doubt did much to give the disease a footing.

with respect to our manner of living, you may be sure that but little, if any, fresh meat is used, while potatoes, beans and peas are left in the garden, and cherry or gooseberry pies are delicacies not to be thought of. Only a few days ago a few quarters of fresh beef were returned untouched from the butcher's shop, and the sale of a wagon load of fresh fish was prohibited by the corporate authorities. Disinfectants of all kinds are freely used, and some even fear to drink water without some even fear to drink water without using in it either tar, mint or camphor.
But we trust it will not be very long until we can abandon our rigid rules, and enjoy some of the delicacies of life with the rest of mankind.

Since writing the above, the writer learns that a child of John Cooper's died last night, making probably the ninth death from the disease.

DR. RADWAY'S

Sarsaparillian Resolvent

HAS MADE THE MOST ASTOUNDING CURES So quick, so rapid are the changes the body undergoes, under the influence of this truly wonderful Medicine, that

Every Day an Increase in Flesh

Every drop of the SARSAPARILLIAN RESOLV-ENT communicates through the Blood, Sweat, Urine, and other fluids and juices of the system the vigor of life, for it repairs the wastes of the body with new and sound matial. Scrofula, Syphilis, Consumption, Glandular Disease, Ulcers in the Throat and Mouth: Tumors, Nodes in the Glands, and other parts of the system; Sore Eyes, Strumrous discharges from the Ears, and the worst forms of Skin Diseases; Eruptions, Fever Sores, Scald Head, Ring Worm, Salt Rheum, Erysipelas, Acne, Black Spots, Worms in the Flesh, Tumors, Cancers in the Womb, and all weakening and painful discharges; Night Sweats, and all wastes of the Life Principle, are within the curative range of this wonder of Modern Chemistry, and a few days' use will prove to any person using it for either of these forms of disease its potent power to cure them.

If the patient, daily becoming reduced by the wastes and decomposition that is continually progressing, sveceeds in arresting these wastes, and repairs the same with new material made from healthhy blood—and this the Syrsaparallian made from healthhy blood—and this the Syrsaparallian, and succeeds in diminishing the loss of wastes, its repairs will be rapid, and every day the patient will feel himself growing better and stronger, the food digesting better, appetite improving, and flesh and we ght increasing.

Not only does the Sarsaparillian Resolvent excel alknown remedial agents in the cure of Chronic, Scrotulous, Constitutional, Skin und Syphiloid diseases, but it is the only positive cure for

Kidney and Bladder Complaints Urinary and Womb Diseases, Gravel, Diabetes, Drop sy(Incontinence of Urine, Bright's disease, Albumnuria, and in cases where there are Brick dust deposits, or the water is thick, cloudy, mixed with substances like the white of an egg, or threads like white silk, or there is a morbid, dark, bilious appearance, and white Bone dust deposits, and where there is a pricking, burning sensation, and pain in the small of the back and along the loins,

Tumor of Twelve Years' Growth Cured by Radway's Resolvent.

Beverly, Mass., July 18, 1869.

Dr. Radway—I have had Ovarian Tumor in the ovaries and bowels. All the doctors said "there was no help for it." I tried everything that was recommended, but nothing helped me. I saw your Resolvent, and thought I would try it, but had no faith init. because I had suffered for twelve years. I took six bottles of the Resolvent, one box of Radways Pills and used two bottles of your Ready Relief; and there is not a sign of a Tumor to be seen or felt, and I feel better, smarter and happier than I have for twelve years. The worst Tumor was in the left side of the bowels, over the groin. I write this to you for the berefit of others. You can publish it if you choose.

AN IMPORTANT LETTER

from a prominent gentleman and resident of Cincinnati, Ohio, for the past forty years well known to the newspaper publishers throughout the United States:

NEW YORK, Oct. 11th, 1870.

Dr. Radway—Dear Sir: I am induced by a sense of duty to the suffering to make a brief statement of the working of your medicine on myself. For several years I had been affected with some trouble in the bladder and urinary organs, which some twelve months ago culminated in a teribly afflicting disease, which the physicians all said was a spasmodic stricture, in the urethra as also inflammation of the kidneys and bladder, and gave it as their opinion that my age—73 years—would prevent my ever getting radically cured. I had tried a number of physicians, and had taken a large quantity of medicine, both alopathic and homeopathic, but got no relief. I had read of astonishing cures having been made by your remedies; and some four months ago I read a notice in the Philadelphia Saturday Evening Post of a cure having been effected on a person who had long been suffering as I had been. I went right off and got some of each—your Sarsaparillian Resolvent, Ready Relief and Regulating Pills—and commenced taking them. In ree days I was greatly relieved, and now feel as well as ever.

C. W. JAMES, Cincinnati, Ohio.

R. R. R. Radway's Keady Relief

Cures the Worst Pains in from One to Twenty Minutes.

Not one hour after reading this advertisement need any one suffer with pain. RADWAY'S READY RELIEF s a sure cure. It was the first and is the Only Pain
